Leatherhead Bowling Club
Newsletter Issue 20

NEWS

This will be the final newsletter for this season, and I hope you have enjoyed these weekly updates with news on how the season is progressing. Please winter well and I am sure we shall have the opportunity to meet up either via indoor bowls, short mat or social events at the club.

The Ladies AGM is on Saturday the 25th at 12.30pm with the main club AGM on Thursday October 14th at 10am – both in the clubhouse.

This Saturday also sees the end of season finale with Captains' Day.

PRESIDENT'S DAY

A great day was enjoyed last Saturday at Brenda's final President's event which she hosted with much help from her family for which we are most grateful. The food was excellent and most welcome on a lovely afternoon where the Ladies v Gents match unfolded with a victory for the men.

RECENT MATCHES

The two final matches took place this week with two more wins to keep up our brilliant record this season in the friendly matches. On Tuesday the four Men's Triples teams beat Epsom (WR) by 75 to 67 with two rinks apiece (with Pete Collett, John Kelland and Peter Lawson top rink) and this was followed by the five Mixed rink victory over Ashtead under lights on Thursday evening by 110 to 75 with Sue Lokkerbol, Colin Donhue, Pat Shopland and Clive Kendall as top rink, with us winning three of the five rinks.

Just for the sake of completeness we now have the results of Headley Court and Rosemary Smith Cups. Mike Edger finally got a win over John Kelland in a highly entertaining and close fought competition to take the Headley Court Cup. John McCabe and Margaret McGuigan were matched against one another for the Rosemary Smith Cup with John taking the honours.

AND FINALLY

During after match drinks at Epsom last Tuesday a discussion took place about an alleged wrong bias played that afternoon by your correspondent and pointed out by a certain Mr Kelland. Using the (similar) words of the legendary Eric Morecambe all I can say is:

*"I had the **right** bias, but it was sent down **not necessarily** on the right line"*
